

### **REMARKS**

In the Notice of Non-Compliant Amendment (37 CFR 1.121), the Examiner raised objections that the claims filed on 15 December 2005 did not include the status identifier.

Applicants now re-file the claims in this paper so as to comply with the format required under the revised 37 CFR 1.121 practice. Claim 1 was amended on April 6, 2005 during the PCT international phase. With the filing of the above corrections, all the objections to non-compliance under revised 37 CFR 1.121 are now traversed. No new matter is added by way of these corrections.

Applicants respectfully request examination of this patent application.
